**OUTLOOK TOWN HALL MEETING**

**WITH JOHN GORMLEY**

---

**7:00 PM – 9:00 PM**

**WEDNESDAY NOVEMBER 3<sup>RD</sup>, 2004**

**AT THE OUTLOOK CIVIC CENTRE**

**CKOM talk show host John Gormley will ask our panel of experts  
to help us answer the following questions:**

*If we knew then, what we know now, what would we have done differently?*

*Would the plans to increase the potato industry in the Lake Diefenbaker area  
have succeeded without government involvement?*

*What is the appropriate role of government in developing  
sectors such as the potato industry?*

*Where do we go from here?*

This is your opportunity to examine the Lake Diefenbaker story from all sides and learn what all of us can do to move forward and take advantage of the tremendous economic opportunities this region has to offer.

It is not our intention to focus on recent legal actions. They are not the issue. They are, however, part of the much bigger picture – growing our province to take advantage of the vast resources we have been richly given – and we must learn from past mistakes in order to make positive changes. If we don't, we will have missed the lesson and are destined to continue searching for answers.

**EVERYONE WELCOME!**
